

GUEST-INFORMATION

Following you will find a summarization of the most important information for your fans.

Tifo material

Flags with poles up to two meters long, as well as regular group banners, are accepted into the ground. Requests regarding additional Tifo material or the performance of choreography within the crowd can be requested via the away team's fan representatives. The use of Pyrotechnics are not only prohibited but using them in the stadium is also illegal.

Permissions and prohibitions

The stadium entrances open two hours before the start of the game to the public. Your Fans should enter the stadium through the entrance E2. Every visitor will have to go through a thorough / full body-search and will have their tickets scanned afterwards. All kinds of tifo-material will also be checked here. Belt-bags/fanny-packs are generally permitted. Small bags up to a maxi-mum total volume of 20 litres can be taken into the stadium. All larger backpacks and bags are not permitted, and there is no possibility to deposit them. It is no problem to take along cameras/ digital cameras (up to a size of 20x12x12cm) for private use. Only one lens is permitted for cameras with interchangeable lenses. Video cameras are not allowed.

Any right-wing extremist ideas and corresponding symbols have no place in our club and stadium. The German Criminal Code (Strafgesetzbuch) in section § 86a outlaws "use of symbols of unconstitutional organizations". The law prohibits the distribution or public use of symbols of unconstitutional groups - in particular, flags, insignia, uniforms, slogans and forms of greeting. For example the Celtic cross, the Hakenkreuz (swastika), the SS Sig runes or the SS Totenkopf (skull), the Hitler salute and more. For further information click the following link: https://www.verfassungsschutz.de/SharedDocs/publikationen/EN/right-wing-extremism/2022-07-right-wing-extremism-symbols-and-organisations.pdf?__blob=publicationFile&v=12

Due to the large stadium-area and the long distances from the entrances to the stands, your fans will be searched again at the entrance to the guest-section (section 20). There will also be some random controls behind the section-entrance. These controls can be accompanied by fan-representatives or your stewards.

For security reasons, showing and/or wearing colours of the guest-team is prohibited in the home-areas of our stadium. Security-personell and stewards are therefore instructed and authorised to deny visitors with the guest-team's colours access or to expel them from these areas.

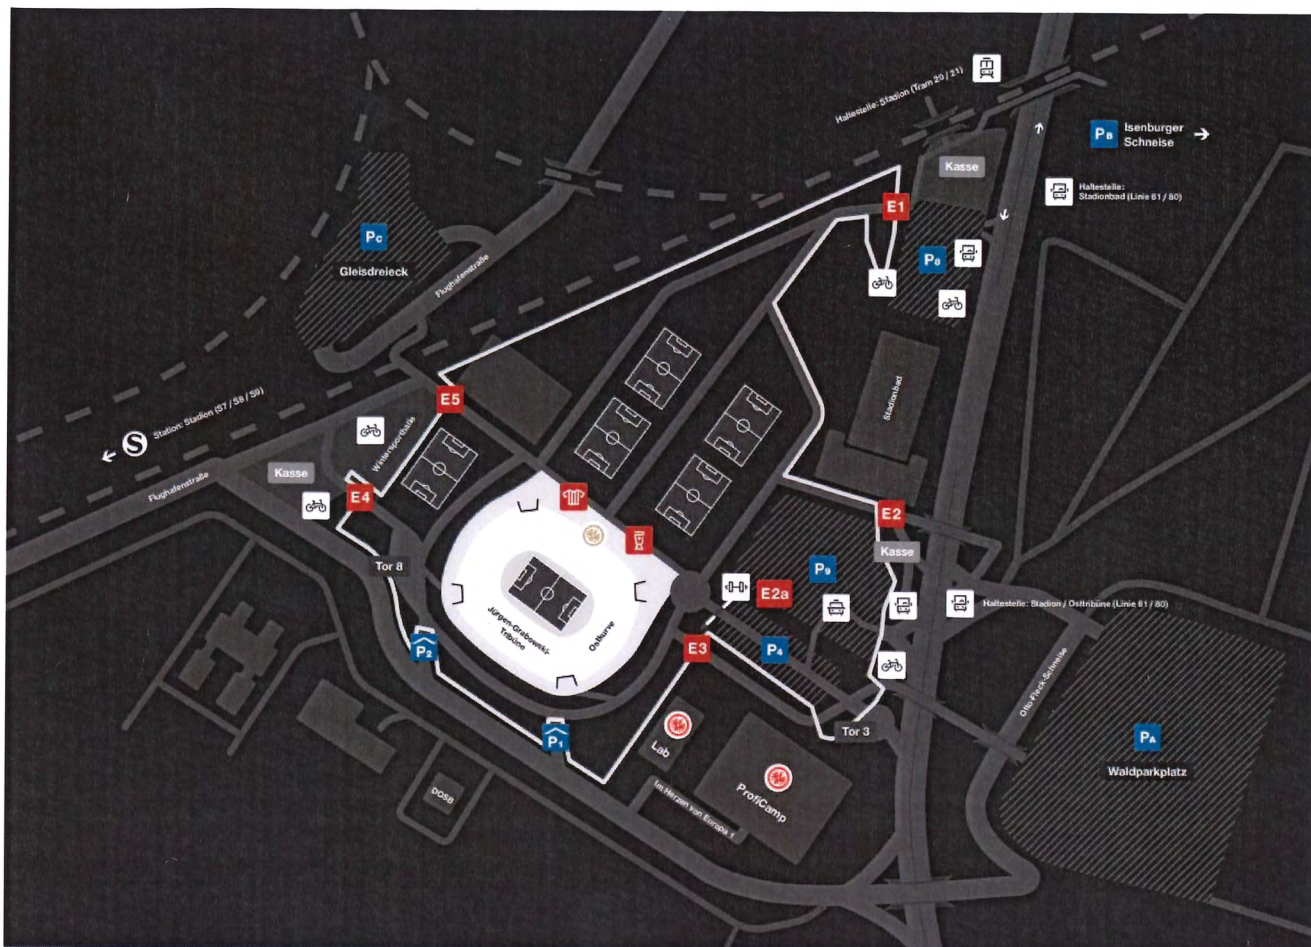

Directions and parking

Coming from all directions, take the Autobahn A3. At the Frankfurt-Süd junction, change to the B44 towards Frankfurt-Stadtmitte/Stadion. From there, follow the signs to the stadium car parks. For the guest-cars and buses, parking space P9 is always available, which can be reached via Mörfelder Landstraße (out of town). The parking fee for cars is 6 Euros and 20 Euros for Minivans with more than 7 Seats and Busses. The "Gleisdreieck" car park is reserved exclusively for home fans and should not be used by visitors. Please inform your fans accordingly.

Arrival by train

Visitors arriving at Frankfurt Main Central-Station by train or at Frankfurt Airport (FRA), should continue by taking the S-Bahn-lines S8 and S9 (<http://www.rmv.de>) exiting at "Frankfurt Stadion". The stadium is within walking distance (approx. 800m). Larger groups will be guided by police forces via an alternative route from the S-Bahn station directly to the guest area.
