

## Dear Immigrant Mum!

- Would you like to improve your Finnish?
- Would you like to make friends and spend time with a Finnish woman?

Through MLL Southern District you can get to know a Finnish woman. Together you can learn Finnish and get to know each other's cultures. Maybe you want to go shopping, go for a walk or spend time in parks with your Finnish friend. Children are welcome to join the activities.

The Mannerheim League for Child Welfare is an NGO (nonprofit organization). Its aim is to promote the wellbeing of children, youth and of families with children, and support parenting.
