On behalf of President Boris van der Vorst and World Boxing Executive Board,

Dear National Federations:

World Boxing previously announced an Extraordinary Congress to be held March 1 for the approval of new member National Federations (NFs), at which point we will update the membership concerning our effort to be recognized as an International Federation(IF) by the International Olympic Committee (IOC).

World Boxing has since learned that we can speed up the process related to new NF admission by asking for your approval in writing by email in advance. This will facilitate the IOC's consideration. On March 1, World Boxing will provide further information about the IF process.

Please respond by email to me ([@Mike McAtee](#)) and Liana ([@Liana Tobin](#)) no later than **February 24, 1600 Central European Time** to the following:
