

## Dear immigrant mum!

- Would you like to improve your Finnish?
- Would you like to make friends with a Finnish speaking woman?

Through MLL Satakunta District you can get to know a Finnish speaking woman. Together you can learn Finnish and get to know each other's cultures. Maybe you want to go shopping, go for a walk or spend time in parks with your Finnish speaking friend. Children are welcome to join the activities.

The Mannerheim League for Child Welfare is an NGO. Its aim is to promote the wellbeing of children, youth and of families with children, and support parenting.
