KA220-YOU - Cooperation partnerships in youth

Press release

Rural Youth Parliament Simulations, a method of involving young people in their community!

We started our Erasmus + project, the Rural Youth Parliament. LAG Napoca Porolissum and their 3 partners from France, Finland and Lithuania have started their Erasmus+ project, dedicated to the young people from the rural areas. The project aims to implement activities for the youth, in order to actively involve them in the life of their communities, to create civic involvement and to facilitate their access to best practices exchange, with other European youngsters.

The project represents one of the main interests of all partners, as they focus most of their activity on the young people. By implementing these activities, the project aims to contribute to a more proactive and sustainable society.

The project reunites the effort of the partners from Romania, France, Finland and Lithuania:

- Asociația Grupul de Acțiune Locală Napoca Porolissum (Facebook: <https://www.facebook.com/asociatiagal.napocaporolissum>)
- Asociacija TAVO Europa from Lithuania (Facebook: <https://www.facebook.com/TavoEuropa>);
- Learning for Intergration ry from Finland (Facebook: <https://www.facebook.com/LearningForIntegration>);
- Association Pays Vichy-Auvergne from France (Facebook: <https://www.facebook.com/paysvichyauvergne/>).

If you are interested in the project, please contact: marjaliisa@lfi.fi
