

Corona virus has affected us all massively. We are faced with a new situation we could not be prepared for. Not only has our day to day life changed considerably, but also our financial situation. However, we are lucky, as help is available - many institutions and agents can and are willing to help. In this completely new situation we may not be aware of where to get help from. Thus, our lodge 701 wanted to introduce some institutions and agents who offer help. Unfortunately, many of the sites are only in Finnish.
