*Come Closer* is a summer exhibition of textile art at the Local Heritage Museum of Rovaniemi. The exhibition consists of artworks from students of Textile Art Minor studies at the University of Lapland. During the exceptional spring months the students have observed their limited lives through a keyhole. A view from their window, the feelings of isolation, the meaning of the surrounding community are some of the themes and subjects of the woven, crocheted and embroidered artworks.

**Textile art made during social isolation now shares the charming space of the old barn at the museum and invites viewers to *come closer*, see the backside and even peek inside!**

The Local Heritage Museum of Rovaniemi is open to public from the 2nd of June 2020 at 12.00. Entrance to the exhibition with a museum entrance ticket during opening hours. There is a summer café adjacent to the exhibition space. Welcome!

Exhibitors: Eleonora Lakela, Sonja Lehikoinen, Jutta Luukkonen, Adi Matan, Petra Nurmela, Eeva Piesala, Ida Sarisalmi, Lisa Schreiber Tanja Tuomaala & Giulia Quattrini.
