TECHNICAL ORDERS / FLOOR PLAN

You have received a message from the eMessukeskus. When you have created your own password and saved it, click the **eMessukeskus** logo to access the service.

If you need structures, electricity, furniture or other technical services for your stand, please place your order on **eMessukeskus service**. Remember to attach the required installation drawings to your orders.

You can find the confirmed floor plan under “Stand documents” on your eMessukeskus service front page.

Note! Structures and decorations higher than 250 cm (walls and/or roll-ups etc.) closer than 2 meters from boundaries needs always a written permission from a neighbouring stands.

Please send the orders for technical services **by Oct 15, 2026**.

Note! Prices are increased as follows: +20 % from Oct 16, +50 % from Nov 5, +100 % from Nov 18.

For more information on technical orders please contact osastopalvelut@messukeskus.com

INSTRUCTIONS FOR DESIGNING THE STANDS

The floor material in the exhibition area mainly consists of anti-static carpet intended for public spaces. In some parts of the area, the floor is made out of concrete and natural stone tiles. We do not recommend a separate piece of carpeting, because it will not stay properly attached to the carpet. If you use a separate carpet, please install it on a board.

The only tape that can be used on the natural stone tiles and concrete is a tape with light adhesive. If tape with too strong adhesive (duct tape, double-sided mounting tape) has been used at the stand to attach decorations or the carpet, we will invoice the exhibitor afterwards for the cleaning costs incurred.

The exhibition structures, furniture and electricity can be ordered via the eMessukeskus online service. Using the service requires a user ID and password.

The maximum floor load is 400 kg/m² of even load, or a maximum of 3,000 kg of singlepoint load. The floor drain covers at the premises cannot withstand a load.

Using the premises' existing furniture at the exhibition area is not allowed, and you cannot attach anything to the fixed structures at the exhibition area. The exhibitor will be invoiced afterwards for any repair costs incurred due to possible unauthorised suspensions and fixture marks.

STORAGE AND SHIPMENTS ARRIVING AT THE STANDS
