The 36th biennial Congress of the Nordic Society of Nephrology
May 4th - 7th 2022 in Odense, Denmark

WELCOME TO ODENSE 2022

On behalf of the Danish Society of Nephrology, we are very pleased to invite you to the 36th biennial Congress of the Nordic Society of Nephrology (NSN2022) in Odense, May 4th-7th 2022.

Odense is located in the middle of Denmark, and is the home town of the world famous fairytale writer Hans Christian Andersen.

The congress will be held in the ODEON Conference Center conveniently located close to the city centre near the old town, where you can experience the historic atmosphere. The venue is located 5 min. walk from the railway station.

The main NSN2022 scientific topics will be "What´s new in nephrology – a nordic clinical approach"

The program will include lectures by top scientist within the fields of nephrology. There will be sessions on ongoing clinical trials, as well as poster sessions which will provide key updates and debate on research in nephrology. Abstracts submitted to the conference will be selected for inclusion in these sessions.

The congress will give you a great opportunity to meet colleagues from the Nordic nations and other countries.

We hope to see you in Odense 2022

Kind regards

Helle C. Thiesson
President of the Danish Society of Nephrology.

See you in Odense 2022
