

Welcome to the LePa P2016 team!

This leaflet includes important practical information about the beginning, that the caretakers of a new player should be aware of and proceed accordingly. For new players there is a two-week trial period, meaning that you can participate in the trainings for two weeks, after which you have to decide on whether to continue or not and notify the age group manager and head coach about your decision.

MyClub's role in the team's operations

All of the team's events (trainings, games etc.) and their schedules as well as notifications are handled through MyClub. Registration for each training is done through MyClub by selecting **In** or **Out**. If there are any last minute changes, please add a comment "in" or "out" to the comment field of the MyClub event. This way the age group coaching has the possibility to plan the content of upcoming trainings and divide plyers into smaller training groups before the trainings start.

Please check that your privacy settings in myClub are updated. Player's first name, last name and membership status needs to be marked as "visible to the club": -> child's name at myClub -> own details -> privacy settings -> edit/modify.

The operation of age group LePa P2016

U6-U10 head coach Anton Väliheikki is responsible for organizing the age group. He is also involved in the coaching of the age group. For the rest, the operation is based on volunteers. The team's coaches, team leaders, equipment manager, tournaments' game controllers, information officers, age group managers and financial manager consist of a group of volunteering parents made up of caretakers of the players. Although we aim to operate in a professional manner, the roles described above are by no means our main jobs, we merely participate as volunteering parents. Thus, we continuously need more people to back the operation. If you are interested in some role in our "football family", we warmly welcome you!

Leppävaaran Pallo also organizes several trainings for the above-mentioned roles. However, you can join by simply having a good attitude, participation does not require for example any prior knowledge of football activities.

Accessories/training equipments

Families/members can order training t-shirts, jackets etc. independently from Stadium:

<https://www.stadium.fi/seurat/1730929>

Game jersey and shorts are included in the membership fee during the U6 age group period.

Games and tournaments

LePa P2016 participates in Espoo League games during the summer and autumn season (May-September). We have enrolled certain amount of teams to the league and unfortunately we cannot guarantee immediately a place in a team for newly joined players. During the season everyone will get a chance to play in games and e.g. we can add more teams to autumn period in Espoo League.

Kind regards,
