

LAHDEN SEUDUN OPPAAT - LAHTI REGION GUIDES TECHNICAL VISIT FACT SHEET

FACT SHEET: Technical Visits in Lahti

Discover Excellence in Sustainability and Nature

Welcome to Lahti, the European Green Capital 2021. We offer high-quality, professional study tours and thematic programs designed for experts, decision-makers, and students who want to dive deeper into sustainable solutions and unique geological heritage.

THEMATIC HIGHLIGHTS

Circular Economy & Green City: Explore Lahti's journey to becoming a carbon-neutral city and a world leader in waste management and sustainable urban planning.

Water Excellence: Learn about the "Vesijärvi miracle"—one of the world's most successful lake restoration projects—and the pure groundwater filtered by the Salpausselkä ridges.

Salpausselkä UNESCO Global Geopark: Discover a landscape shaped by the Ice Age, featuring unique geological formations and pristine nature.

Green Construction & Energy: In-depth looks at local renewable energy solutions and award-winning wooden architecture (e.g., Sibelius Hall).

SERVICE DETAILS

Product: Tailor-made Technical Visits

Target Groups: Business representatives, environmental experts, media, decision-makers, and students.

Duration: 2 hours (standard), or as requested.

Availability: Year-round.

Group Size: Maximum 20 persons per guide (for larger groups, multiple guides are available).
