SALPAUSSELKÄ UNESCO GLOBAL GEOPARK TOURS FACT SHEET

FACT SHEET: Salpausselkä Unesco Global Geopark Tours

Step Into the Story of the Ice Age

Experience the monumental chronicle of Earth's history where the legacy of the Ice Age meets the purity of Finnish nature. Salpausselkä UNESCO Global Geopark features massive ridges formed over 12,000 years ago, serving as nature's giant filter for some of the purest groundwater in the world.

TOUR HIGHLIGHTS

Ancient Ridges & Kettle Holes: Discover the secrets of steep eskers and deep formations sculpted by colossal meltwater forces.

The Miracle of Pure Water: Learn how the park creates world-famous Finnish tap water and supports the local beverage industry.

Breathtaking Vistas: Contrast high ridges with deep blue lakes, including iconic views like the Pulkkilanharju esker and Lake Vesijärvi.

UNESCO Heritage: Understand the harmony between geological preservation and modern sustainability.
