

AO Trauma Course— Basic Principles of Fracture Management

April 26-28, 2023

Porvoo, Finland

Course description

The AO Trauma course Basic Principles of Fracture Management teaches fundamental principles and current concepts in the treatment of injuries, incorporating the latest techniques in operative fracture management. It is the initial step along the path of lifelong learning in the area of operative fracture management and the main focus of this course lies in the basic principles of fracture management

Course format

- Online precourse self-assessment
- Evidence-based lectures
- The AO Skills Lab with practical exercises including fixation techniques
- Small group case discussions
- Post course self-assessment

Target participants

The AO Trauma Course—Basic Principles of Fracture Management is targeted at doctors in surgical training but also open to those who are interested in furthering their knowledge and skills in operative fracture management.

Registration and venue

Registration fee: EUR 1595.

Language: Finnish

Venue: HOTEL HAIKKO MANOR & SPA

Haikkoontie 114, 06400 Porvoo, FI

Included in the registration fee are course material, coffee breaks, lunches, 2 course dinners and course certificate.

Course dinners are taking place on April 26th & 27th at the venue.

Learning objectives

- Discuss the concepts of stability, their influence on bone healing, and how to apply implants to achieve appropriate stability
- Plan a treatment based on assessment, imaging, classification, and decision-making
- Apply reduction techniques in fracture management with attention to the importance of the soft-tissue
- Use appropriate fixation techniques to treat diaphyseal and simple (peri)articular fractures
- Evaluate and recognize the special problems related to: fractures in the immature skeleton, pelvic injuries, osteoporotic fractures, postoperative infection, and delayed union and/or nonunion
- Plan the initial treatment of the polytraumatized patient
