B.Kessel (Israel)
- 17.20–17.40 **Top 5 illusions in military trauma surgery**
Mansoor Khan (United Kingdom)
- 17.40–18.00 **Tactical Medicine - civilian and military applications**
Fredrik Granholm (Sweden)
- 18.00–18.20 **Military surgery in a combat zone: Russian experience**
Alexey Goncharov (Russia)
- 18.20–18.40 **Combat trauma management in the Karabakh war**
Kenan Yusif-Zade (Azerbaijan)
- 18.40–19.00 **«Those who wish to be a surgeon should go to war»**
Jennifer Gurney (USA)
- 19.00–19.20 **Military to Civilian trauma care interaction**
Matthew Martin (USA)

Chair persons:

Victor Reva
(Russia)

Mansoor Khan
(United Kingdom)

PART 2. **RECEIVING TRAUMA PATIENT**

- 19.40–20.00 **Severe trauma in the ER: How we do it in Japan**
Junichi Matsumoto (Japan)
- 20.00–20.20 **Severe trauma in the ER: How we do it in USA**
Elizabeth Benjamin (USA)
- 20.20–20.40 **Severe trauma in the ER:
How we do it in South Africa**
Andrew Nicol (South Africa)
- 20.40–21.00 **Severe trauma in the ER and OR: How we do it in Colombia**
Carlos Ordoñez (Colombia)

Chair persons:

Igor Samokhvalov
(Russia)

Roman Pfeifer
(Switzerland)

PART 3. EDUCATION AND RESEARCH

- 21.20-21.40 **Advances in civilian and military training in trauma**
Demetrios Demetriades (USA)
- 21.40-22.00 **Education for military surgeons**
Mark Bowyer (USA)
- 22.00-22.20 **SMART educational platform**
Viktor Reva (Russia)
- 22.20-22.40 **Simulation-based trauma and disaster training in Pakistan**
Rashid Aqeel (Pakistan)
- 22.40-23.00 **Randomized clinical trials in trauma**
Jan Jansen (United Kingdom)
- 23.00-23.20 **NTDB and PROOVIT Registries to improve trauma care**
Joseph DuBose (USA)

Chair persons:

Mark Bowyer
(USA)

Alexey Goncharov
(Russia)

October 17, 2021

Day 2. HOT TOPICS IN TRAUMA MANAGEMENT

PART 1. UNSTABLE PATIENT AND UNSTABLE SCENARIO

(Moscow time; UTC+3)

- 10.00-10.20 **Damage control. New terminology and deeper understanding**
Hans-Christoph Pape (Switzerland)
- 10.20-10.40 **Is it time to breakdown «golden hour»? Experience with unstable isolated abdominal trauma patients**
Paran Maya (Israel)
- 10.40-11.00 **An unstable trauma patient: physiological view**
Karim Brohi (United Kingdom)
- 11.00-11.20 **An unstable trauma patient: surgical view**
Federico Coccolini (Italy)
- 11.20-11.40 **An unstable trauma patient: EVT**
Tal Hörer (Sweden)

Chair persons:

Federico Coccolini
(Italy)

Victor Reva
(Russia)

- 11.40–12.00 **Traumatic cardiac arrest: what to do?**
TBD
- 12.00–12.20 **Selective aortic arch perfusion for almost-dead trauma patients**
Marta Madurska (United Kingdom)
- 12.20–12.40 **ECPR for trauma**
Lionel Lamhaut (France)
- 12.40–13.00 **Damage control resuscitation: why should surgeons take care of?**
Mansoor Khan (United Kingdom)

PART 2. BURNING TOPICS

- 16.00–16.20 **Laparoscopy in trauma: indications and rationale**
Salomone Di Saverio (United Kingdom)
- 16.20–16.40 **Pancreato-duodenal trauma: stepwise approach**
Paula Ferrada (USA)
- 16.40–17.00 **Abdominal compartment syndrome and Open Abdomen**
Federico Coccolini (Italy)
- 17.00–17.20 **Severe liver injuries: what to do when you need to operate?**
Raul Coimbra (USA)
- 17.20–17.40 **Pelvic trauma and uncontrolled hemorrhage**
Charles Fox (USA)
- 17.40–18.00 **Pelvic trauma: no metal inside**
Boris Kessel (Israel)
- 18.00–18.20 **Major Vein Injury: Evidence-based and personal perspectives**
Gregory Magee (USA)
- 18.20–18.40 **Intravascular temporary shunting: when do we really need it?**
Adenauer Góes Jr (Brazil)
- 18.40–19.00 **Neck injury: wait and see or prep and open?**
Pradeep Navsaria (South Africa)
- 19.00–19.20 **Management of TBI in polytrauma patients**
Matthew Martin (USA)
- 19.20–19.40 **Why surgeons should be aware of Trauma Induced Coagulopathy**
Martin Schreiber (USA)
- 19.40–20.00 **Closing Remarks**
Igor Samokhvalov (Russia)

Chair persons:

Boris Kessel
(Israel)

Alexander Petrov
(Russia)
