longboard-rullalautailu,
lenkkeily, piirtäminen,
valokuvaus, kulttuuri

**ALLERGIAT JA
ERIKOISRUOKAVALIOT**
-

Dear host family

my name is Sebastian and I am 16 years old. I come from Germany and I live together with my mother and my brother. In my spare time I like to do sports. I do Taekwondo for 5 years it's a Korean martial art, and in the summer I jog regularly and ride longboard. In the winter, I go snowboarding. It's a great hobby because I can ride with my friends and we always have a lot of fun. Next to the sports I like art. I draw passionate, I like to photograph digital and analog and I'm very interested culture.

Unfortunately in the week I haven't a lot of time for meet friends or other. At the weekend I like meet friends we going to the cinema or make sport sometimes. In the holiday I like to travel with friends or with my family. I think I am a fairly quiet man, but I'm open to almost anything and I am interested to know to learn new. I am able to adapt me in new situations and I am not afraid of new challenges.

I am very excited about the year abroad. I hope I'll make lots of new experiences and improve my English but also to come closer to the Finnish language. I choose Finland as my exchange country because I am very interested in finnish cultur, would like, as far as I can, learn the Finnish language and I like the finnish natur. I hope in exchange you showing me the finnish culture and I could show you a bit of the German one.

-Sebastian
