WELCOME TO NORTH MACEDONIA

North Macedonia is a country located in the Balkan region, Southeast Europe. The large number of archeological sites, artifacts and tradition are our priceless heritage.

There are more mountains and mountain peaks on the territory of North Macedonia than any other country in the world when comparing country size.

A country where mountains are reflected in crystal clear lakes, where ancient ruins tell stories of glorious times and the warmth of the people brightens every moment. From the forest of Galichitsa to the cobblestones of Ohrid, every step brings a new adventure, while the smell of traditional dishes and the sounds of Macedonian music color every day in the colors of joy.

A country which is lucky to have great wines, honey and the most delicious white sheep cheese, besides the juicy fruits and vegetables.

You feel at home wherever you go, as if time has stopped just so you can feel every moment deeply. North Macedonia, with its natural beauties and cultural treasures, is a place that everyone must experience. Its magic is in its simplicity and honesty, something rarely found in the world today.

Here are some interesting facts about North Macedonia:

- ▶ **34 mountain peaks** above 2.000m
- ▶ **Lake Ohrid** is the oldest in Europe and the deepest in the Balkans, four million years old, it has 200 endemic species that are of world importance.
- ▶ **The oldest tree in North Macedonia** Platanus Orientalis in Ohrid is known as the Chinar. It has been growing since the time of St. Kliment Ohridski, a Saint that lived in Ohrid during the 9th century A.D.
- ▶ **Kokino** is one of the oldest observatories in the world. According to NASA, Kokino is the fourth oldest megalithic observatory in the world.
- ▶ **Vrelo** is one of the deepest underwater caves in the world. Located in canyon Matka, near Skopje.
- ▶ **Mother Teresa** was born in Skopje, North Macedonia on the 26th of August, 1910.

SKOPJE is the capital city of North Macedonia. It's the largest city in the country with a population of approximately 616,000 people.

Skopje began as a settlement called Scupi which was then part of the Roman Empire. It was at an important crossroads on a Roman road which connected the Adriatic Sea with Istanbul, known as Constantinople in late antiquity.

Skopje is a very attractive tourist destination with its archaeological sites, cultural and historical monuments and natural landscape. Here are some of the best places to visit:

MATKA CANYON is located 15km south-west of Skopje and covers an area of roughly 5,000 hectares. It is home to several medieval buildings and monasteries in addition to dozens of caves and a large number of endemic plants and animals. It is one of the most popular destinations in North Macedonia and it offers its visitors the opportunity to engage in a range of activities such as alpine hiking, kayaking on the Treska River and visiting the cave.

THE OLD BAZAAR (in Macedonian: Стара Чаршија, Stara Charshija) in Skopje is the largest bazaar in the Balkans outside Istanbul. It is situated on the eastern bank of the Vardar River, stretching from the Stone Bridge to the Bit-Pazar and from the Skopje Fortress to the Serava River. Evidence exists of the existence of a merchant quarter on the bazaar's territory in the 12th century. Beside its importance as a market place, the Old Bazaar is known for its cultural and historical values. Although Ottoman architecture is predominant, remains of Eastern Roman architecture are evident as well, while recent reconstructions have led to the application of elements specific to modern architecture. During Ottoman rule, the Bazaar became the city's merchant center and home to around 30 mosques, and other Ottoman buildings and monuments. Most of those buildings were transformed into museums and galleries. The Museum of the Skopje Old Bazaar, situated in Suli Han, includes collections of artifacts that evidence the life within the bazaar, its development, and the crafts that were practiced during its history. Nowadays the modern bazaar includes several mosques, türbes, two churches and a clocktower, in addition to the buildings of the Museum of North Macedonia and the Museum of Modern Art.

THE MILLENNIUM CROSS is a 66 meter-high cross built on the highest point of the Vodno Mountain in Skopje to serve as a memorial of 2,000 years of Christianity in North Macedonia and the world. Fully constructed in 2002, it is one of the tallest crosses worldwide. A chairlift was constructed to aid transfer of visitors to the region of the cross where a panoramic view of the city of Skopje can be seen. At night the cross shines down over the city.

MEMORIAL HOUSE OF MOTHER TERESA is a landmark located in the City Centre and is a modern representation of the house of Mother Teresa who was born in Skopje in 1910. She spent her early years in this place where once stood the Sacred Heart of Jesus, a Roman Catholic church where she was baptized. It cherishes and glorifies her life work, generosity, perseverance and dedication and is filled with relics of her time such as her birth certificate issued in 1928, her sari, handwritten prayer book, the rosary and cross as well as several awards she won.

THE STONE BRIDGE on the river Vardar connects Macedonia Square on the right bank and the Old Skopje Bazaar on the left bank of the river. There are two different opinions about its existence.

According to the first, it was built in the 6th century, shortly after the catastrophic earthquake in 518, during the reign of Emperor Justinian I. Others believe that the bridge was built in the second half of the fifteenth century, between 1451 and 1469, the time when the Ottoman empire was ruled by the Sultan Mehmed II the Conqueror.

THE FORTRESS KALE is located on the eponymous hill, in the very center of Skopje, on the left bank of the river Vardar and partly in the western part of the bazaar. The first fortress was built in the 6th century AD during the time of Roman Emperor Justinian I. This land has been inhabited at least since the Neolithic Age.

KUMANOVO is the third largest city in North Macedonia located on the east-west crossroad. The city of Kumanovo is well-known for its delicious cuisine especially grilled meat and vegetables. Nearby you can also find beautiful landmarks such as the Canyon on the Pcinja river, caves inhabited during the Roman period and Kokino. Some of the best ethno villages are located near Kumanovo.

KOKINO is a megalithic observatory located just 35km from Kumanovo. As previously mentioned, NASA recognizes it as being one of the 15 ancient observatories together with Abu Simbel in Egypt, Stonehenge in the UK, Machu Picchu in Peru, and others.

OSIJEK is the is the fourth largest city in Croatia, with a population of 96,848 in 2021. Numerous events take place in the city throughout the year. The most important of them are the Croatian Tambura Music Festival (in May), attended by tambura orchestras from all over Croatia and the Osijek Summer Nights (during June, July and August), a series of cultural and entertainment programs in the open, accompanied by food and fairs.

TVRĐA (OSIJEK FORTRESS) is a well-preserved baroque military fortress from the 18th century, Tvrđa is the heart of Osijek's history. It features cobblestone streets, beautiful architecture, museums, galleries, and vibrant cafés.

PROMENADE ALONG THE DRAVA RIVER IN OSIJEK is a picturesque riverside promenade and perfect for a leisurely walk or a bike ride. It offers stunning views of the Drava River, cozy spots to relax, and riverside cafés. It is one the longest promenades in Europe.

The application process launched in December, and interviews are still ongoing. The entire process is expected to be completed by the end of March.

Our goal is to build an outstanding team of over 900 volunteers. Joining the journey to participate in the EYOF event in Skopje 2025 is a unique opportunity for volunteers, bringing together youth, energy, and passion, and allowing them to make a meaningful impact. Volunteers at EYOF are more than just participants; they are ambassadors who embody the core values of solidarity, fair play, and respect, bridging the worlds of sports and volunteering. Our goal is to inspire them to continue contributing to the success of sports events in North Macedonia. We understand the critical role they play in creating an inspiring atmosphere that motivates and uplifts the younger generation. Their involvement demonstrates the community's dedication to creating a positive, memorable experience for all participants.

NOC ASSISTANTS

A number of volunteers will be available to NOCs as NOC Assistants—volunteers responsible for providing operational, administrative and language support. NOC Assistants will act as a connection between the NOC delegations and the Organizing Committee. NOC Assistants allocation quotas are yet to be determined and will be based on the NOC delegation sizes in Skopje and in Osijek.

All NOC Assistants will be proficient in English, and some may also speak the language of the delegation they are assigned to. Only local NOC Assistants will speak Macedonian, as some volunteers will come from outside of North Macedonia. Volunteers from North Macedonia must be at least 16 years old, while those from other countries must be 18 or older.

NOC Assistants will support NOC delegations from the arrival of the Chefs de Mission until the delegation's departures. The Chefs de Mission or their appointed representatives will oversee the work of NOC Assistants, managing their schedules and specific tasks in line with EYOF Skopje 2025 policies.

NOC Assistants' shifts will take place between 07:00 and 23:00, with a maximum of 8 working hours per day, including a mandatory 1-hour break. Meals for volunteers will be provided by the organizing committee. Additionally, please note that NOC Assistants will not be permitted to stay in the athletes' accommodation or drive NOC delegation members.

EYOF SKOPJE OFFICIAL LOGO, MOTTO, AND MASCOT

BACKGROUND

As a basis and inspiration for creating the design elements that will be used for branding the materials for this event, embroidery is taken as an indispensable part of the decorations of our traditional clothing.

Of course, some of the elements have been stylized and modernized, and elements have been added that remind us of the sports that will be covered at this event and some of the localities of Skopje.

With the official EYOF Logo, motto and mascot we wish:

- ▶ To present to the international public the new visual identity of EYOF Skopje 2025
- ▶ To give meaning to the event and to raise awareness of its existence and its benefits for the entire public
- ▶ To arouse interest among the general public and motivate them to get involved in the event at any level, as participating athletes, spectators, volunteers...
- ▶ We create brand recognition on a long-term level

LOGO USAGE PLACEMENTS

MOTTO

This motto perfectly reflects the essence of the European Youth Olympic Festival – a place where sport becomes more than just competition. It is a celebration of youth, energy, and unity, where every athlete comes to showcase their talent, push their own limits, and experience the power of togetherness.

“Together we play” – because sport brings us closer, teaching us teamwork and respect.

“Together we shine” – because every success, every victory, and even every challenge becomes even more valuable when shared with others.

This festival is not just a sporting event – it is an inspiration for new generations to dream big, strive for success, and embrace the Olympic values of respect, friendship, and excellence.

Together, we create memories; together, we light the way to the future!
