

"Support and Promote International Volunteering"

European Solidarity Corps Project

International volunteering is a unique tool to promote peace, understanding and the European and human values. It is also a great way to directly support local projects. At the same time, volunteers gain a lot from this experience; they return with new ideas, new skills and new friends.

To support our international projects in Germany and to promote international workcamps and other volunteering projects, we are looking for a volunteer starting in July or August 2023 (for 12 months) and one from February /March 2024 (for 7 months).

Who is IBG?

IBG is a German NGO working in the field of international youth exchange and international volunteering. We organise around 40 international workcamps and a few other international projects in Germany each year. Through our network ALLIANCE of European Voluntary Service Organisations we have 60 similar partner organisations all over the world. We pay special attention to the accessibility and the sustainability of our projects. It is essential for us that our projects answer a local need and that the international groups are well integrated into the local community.
