WHO IS DE AMICITIA

De Amicitia is a Spanish NGO registered since 1998 and its objective is to protect the environment and promote sustainable development through volunteering work. We are active all over Spain by hosting international workcamps, in close cooperation with local partners, town halls and associations, but also function as a sending organization for Spanish volunteers.

Furthermore, De Amicitia also receives and sends European Solidarity Corps volunteers who are locally placed to support local partners all year round. And we are very active in organizing and hosting Youth Exchanges and seminars.

De Amicitia's goal is to enforce non-formal education, support people with fewer opportunities, and help to preserve, protect, and support nature and rural communities.

De Amicitia has three bases, one in Gargantilla del Lozoya in Sierra Norte near Madrid, one in Granada and one in Sanet y Negral between Valencia and Alicante.

We organize about 40 workcamps every year, of which the majority are workcamps for teenagers 14-17 y.o. We also offer camp leader training to ensure that the people in charge of our camps have the knowledge and abilities necessary to responsibly and successfully lead a camp.

WORKCAMPS 2023

Our workcamps take place in small, rural communities with groups of 7 -15 volunteers and 1 - 2 camp leaders.

It is expected the volunteers to be self-sufficient during the camps, meaning they will cook their own food, share a living space with other volunteers.

The working schedule is laid out for 4-6 hours per day for 5 days a week. Usually, the two free days are Saturday and Sunday — but this can vary. The camp languages are English and Spanish for all camps. Spanish knowledge is not required but can be useful.

In all our camps, there will be an all-vegan food day (upon agreement of the volunteers) to promote environmentally sustainable lifestyles and an intercultural evening in which all volunteers present their culture — this should be prepared and thought of before arrival. This can be done in all sorts of forms from a simple presentation to preparing a typical dish.

The camp program you will find below is provisional and there can be changes in the dates, tasks and accommodation We will be confirming more projects in the upcoming days.
